

Volunteer Application

Museum volunteers are an essential part of the museum staff. They act as official hosts of the museum and are fully trained in jobs of their choosing. Volunteers are expected to work at least one three-hour (or three and one half-hour during the summer) shift per month. The museum staff is anxious to work with you to develop flexible schedules! We welcome youth volunteers who are at least 14 years old. You must be 16 to operate the carousel.
